Hybrid TEA and Grandiflora Roses

NEW!! NEW!!

AMERICAN HOME. A new intensely fragrant, blood-red tea rose that will give Crimson Glory a run for fragrance. American Home is a cross between New Yorker and Chrysler. From the former it gains its free flowering habit, brilliant color and compactness. Chrysler donates its large size, intense fragrance and blood-red color. Dark green foliage on a plant that grows 3 to 4 ft. high. \$3.00 each.

Audie Murphy (Pat. 1558). Slim tapering buds make this rose one of the fine cutting roses. Everybody is familiar with the yellow rose, Eclipse, and we call Audie Murphy, the "red Eclipse". Height of bush about 4 ft. \$2.50 each.

 **Charlotte Armstrong.** One of the great roses of all time and the mother of most of the newer roses listed on these pages. Excellent bud and bloom that we call rose-red in color however you could call it reddish-pink. About 4 to 5 ft. in growing height. \$1.75 each.

Christopher Stone. Roses come and go but Christopher Stone will always be with us. A thrilling scarlet-crimson from tight bud until last petal drops. One of our largest selling roses. Height about 3 ft. \$1.75 each.

 **Chrysler Imperial** (1167). Ever since 1954, Chrysler has been one of our best selling red roses. Vivid, rich tones of crimson are enhanced by darker overtones of glowing oxblood-red, and the gem-like luster of garnet in the folds retains its sparkling beauty. Long tapering buds unfold even in adverse weather, opening to large, high centered flowers measuring a full 5 inches with 40 to 50 petals. Sweetly scented. Growth about 4 to 5 ft. \$2.50 each.

Crimson Glory. This rose is always listed in any "10 Most Popular Roses in America". Very outstanding fragrance and vigorous bush to 2½ ft. tall. \$1.75 each.

RED FAVORITES

NEW!! NEW!!

EBONY (PPRR*) A new rose that we get from a cross of Carousel and Charles Malerin. The bud is very dark red, medium in size. The open bloom is also dark red and high centered however the bloom is not as dark as the name might indicate. Good tall, upright and symmetrical bush not as dark as the name might indicate. you may expect anywhere from 25 to 45 blooms on one candelabra. \$3.00 each.

Ena Harkness. Regardless of how much you might pay for a rose bush, we still think that this is the best red rose listed in these pages — bar none. An outstanding rose in every detail. \$1.75 each.

**HANDY
PLANTING GUIDE**

To show you how to give your nursery stock the fastest possible start and to prevent mistakes in planting which would endanger or slow the growth of your stock.

El Capitan (Pat. 1796). This new "Spanish Red" Grandiflora has just about bloomed its head off for us all summer. The beautiful buds and long lasting blooms are that radiant, cherry-red one sees flashing through fiestas in Old Spain! This robust plant to a height of 5 ft. is exceptionally easy to grow and exuberantly bears a profusion of amazingly colorfast flowers week after week. \$2.75 each.

Karl Herbst. One of the best roses in the hot weather. We call it the "RED PEACE" so you know what our description would be like. \$2.25 each.

New Yorker (Pat. 823). Some people call New Yorker as "The Best Red Rose of All Time". While we can't exactly agree with this, we do know that if you want a perfectly formed rosebud that opens to a tremendous fragrant, sparkling red flower that will measure sometimes to 7 inches across and non-fading, New Yorker would be for you. Our main complaint with this rose is that it does not grow tall enough as the bush will never get over 2½-3 ft. in our climate. \$2.50 each.

Oregon Centennial (Pat. 1914). A crimson-red rose, tall and vigorous in bush, glowing with luminescent blooms, fragrant in the summer nights — this is considered "Oregon's rose of the century". The 30 petals of the large flower develop gracefully, becoming lightly cupped at maturity. We like the good continuity of bloom and the quick and thorough cleaning of the senescent flowers. Height about 4 to 5 ft. \$3.00 each.

 **Starfire** (Pat. 1742). Starfire is in every way the Rose-lover's rose. Its unusual currant-red color is sun-fast, will never fade. It's brilliant urn-shaped buds open into distinctive, perfectly contoured flowers. Blooms abundantly against a background of bronzy green foliage. The lasting blooms occur singly on long cutting stems . . . or in clusters. Height of bush about 4 to 5 ft. \$3.00 each.

??? WANT TO SAVE 10% ON YOUR ROSE ORDER ???

In making up our catalog every year, it is impossible for us to list special offers that would include varieties to please everybody. Why not make up your own selection of varieties and save yourself 10%? Here is what you do—select any five (5) or more varieties of roses listed in this catalog, add up the total cost of your list of these varieties and then deduct the sum of 10% from your total. The varieties selected can be hybrid teas, grandifloras, climbers or floribundas. Here is your chance to save 10% on your rose order this year and still have just the combination of varieties that you want.

WHITE FAVORITES

NEW!! NEW!!

PALE FACE (PAF). Heap purty! Heap flirty! Pale of face and plenty of grace. Flowers as white as a desert moon and smell-um nice like French perfume. Stand-um straight as totem pole and vigorous as a warrior's soul. Pale Face rose sure cause sensation on any gardener's reservation. This new Grandiflora white will be with us for long time come. \$3.00 each.

White Queen (Pat. 1762). Slender bud, graceful high centered 4½ inch bloom of pure stark white. Vigorous and upright to about 3 ft. with excellent foliage of rich green in good contrast to the long-lasting blooms. \$3.00 each.

White Knight (Pat. 1359). Created by the man that gave us Peace, White Knight brings us the almost perfect white rose. Pure white with large exquisitely formed buds and open flowers. Outstanding substance for a white rose with petals heavy and waxy. Strong, upright bush to 4 ft. \$3.00 each.

White Wings (Pat. 850). Somebody once said that simplicity is perfection in art. In White Wings, a single white, we have that simplicity. Lots of people call this the "White Dainty Bess". A most unusual rose for flower arrangements. \$2.50 each.

Virgo. Regardless of price, this is the best white rose listed in this catalog. \$1.75 each.

Frau Karl Druschki. Snow white blooms with a touch of pink in the bud. This rose has been around longer than this writer and will be here long after he is gone. Height to 6 ft. \$1.75 each.

June Bride (Pat. 1770). We have seen clusters of blooms on this rose that would suggest a wedding bouquet. Sometimes there is a hint of cream in the tight buds but they open with beautiful form and ample substance. Train it for height, prune it for bushiness and cut it for continuous enjoyment. Any way you look at this rose it is a joy. Grows about breast height and big around. \$2.50 each.

McGredy's Ivory. A fine exhibition rose. Large, double and high centered bloom. Very fragrant. Height not over 2½ ft. \$1.75 each.

PINK FAVORITES

First Love (Pat. 921). This is sure to be the "First Love" in your garden if you enjoy sensational buds — and who doesn't. Urn-shaped long and slender dawn pink slender buds that simply steal your heart. One of the favorites with all ladies. Grows about 3 ft. in height. \$2.25 each.

 **Helen Traubel** (Pat. 1028). One of the great All-America Winners. We have noted a great variance of color in this rose in different parts of the country. Here in the Inland Empire, the color is a sparkling pink with just a touch of apricot at the base. Very strong grower to 4 ft. with a good continuity of bloom. \$2.75 each.

Pink Favorite (Pat. 1523). This is our "pink favorite". Too bad that this rose has not had the publicity that it deserves. We think that it is one of the all time great pink roses. Urn-shaped bud and a large flower, cupped and slightly fragrant. A glossy green foliage that you will not find on any other bush. Plant is vigorous to 4 ft. \$2.50 each.

Picture. A fine rose for cutting and pretty as a "picture". This pink rose will be with us as long as roses are grown. \$1.75 each.

Pink Duchess (Pat. 1834). Claimed to be one of the most widely acclaimed pink in years, Pink Duchess is a descendant of Peace. The flowers are perfectly formed, fragrant and huge-up to a full 6 inches across. While we list it here as pink, you will find some gold or light cream at the base. About 4 ft. in height. \$3.00 each.

Pink Peace (Pat. 1759). The world renowned rose, Peace, has been responsible for many good offspring and Pink Peace has been one of the very worthwhile ones. The color is different and is dusty kind of pink with a remarkable hairline edging of lighter color delineating each of the 60 to 65 petals. Blooms have a strong luscious fragrance on a bush of about 4 ft. \$3.00 each.

 **Queen Elizabeth** (Pat. 1259). Everybody knows that this is one of the fine clear pink roses. The beautiful formed blooms come on the 5 to 6 ft. plant in candelabras. Very fragrant and long lasting. Queen Elizabeth is one of our large sellers. \$2.50 each.

The Doctor. Enormously large semi-double pink flowers that will make anybody stop to look at it. Very, very fragrant and satiny. Not over 2½ ft. in height. \$1.75 each.

YELLOW FAVORITES

Buccaneer (Pat. 1119). The name suggests a figure rough, rugged and bold — and oh yes, gold. This rose is all of these things. The buds are long and tapering and bright clear yellow. The open blooms are up to 4½ inches across and held firm and strong on a 5 ft. high growing bush. \$2.50 each.

Golden Masterpiece (Pat. 1284). This is the largest yellow rose that we have listed and perhaps the best. The enormous blooms — up to 7 inches across — are high centered and come on strong stems. Vigorous growth of bush to 4 ft. No matter how many roses you already have, you will need Golden Masterpiece for the perfect yellow rose. \$3.00 each. (Please note the new roses, Bronze and Orchid Masterpiece listed elsewhere on these pages.)

 **Sutter's Gold** (Pat. 885). Long pointed yellow buds which are richly shaded with orange and red. The open flower is golden yellow with a very rich fragrance. Robust upright bush to 5 ft. This is one of our favorites for its satisfactory performance. \$2.25 each.

Golden Girl (Pat. 1912). What a name! What a rose! What a plant! The color is so bright that you can pick it out clear across the field and so profuse that you wonder how a plant can produce so many superb blooms. Pure golden yellow on strong bushes to 4 ft. \$3.00 each.

Joanna Hill. Orange-yellow buds opening to large double flowers of cream and orange. Very popular for arrangements. Grows to 3 ft. \$1.75 each.

 **Lowell Thomas** (Pat. 595). Very popular. Large, well shaped buds of clear canary yellow that most people say is there best unfading yellow. Our main fault with this rose is that it is not too rugged a grower, however as long as you keep buying it, we will list it. \$2.25 each.

 **Peace** (Pat. 591). This is a consistent prize winner and needs no introduction. Ovoid buds are edged with pink as they open. Color changes from canary-yellow to pale golden and you will never find two blooms that have the same color. \$2.50 each.

NEW!!! NEW!!!

 **Pink Parfait** (Pat. 1904). New 1961 All-America Winner. A delightful little rose — "little" pertains only to the flower. Pink Parfait has flowers of a delicate blending of pink pastel shades with bud stage ranging from dark pink to apple blossom pink. The buds are of medium size but produce heavy quantities and this writer has counted up to 100 buds on one plant at the same time. The plant is large and vigorous yet with a neat compact foliage forming a perfect background for the heavy flower clusters. We have also observed that it's pleasing colors will blend readily with almost any interior and makes a unique addition to arrangements. \$3.50 each.

 **Tiffany** (Pat. 1304). Beautiful phlox pink blooms of outstanding quality. The long pointed buds are deep pink with golden yellow shading at base of petals. The flowers open to perfectly formed, double, high-centered blooms of a pleasing shade of pink. Heavy textured, outstanding fragrance. Grows about 4 ft. \$2.75 each.

McGredy's Yellow. Bright buttercup yellow on very strong growing bushes. This rose is a consistent show winner despite some of the fine newer varieties. 2½-3 ft. \$1.75 each.

NEW!!! NEW!!!

PERSONALITY (PPR). Another Peace seedling new this year. The bud on this rose is much more attractive on this rose than its parent. Personality is Golden yellow overlain with generous splashes of red, especially along the petal edge. Excellent foliage on a 3 ft. high bush that is very compact. While we have only watched it for one growing season, this rose could be a comer. \$3.00 each.

Eclipse. Slim tapering buds of golden yellow have made Eclipse one of our most popular cutting roses. Grows about 4 ft. high. \$1.75 each.

LAVENDER, ORANGE AND TWO-TONED FAVORITES

Angel Wings (Pat. 1865). Ovoid bud opening to large flower of yellow shading to white with a spinel-pink edge. Free blooming plant of about 3 ft. height and leathery foliage. Looks somewhat similar to Kordes Perfecta in our climate but not as many petals. \$3.00 each.

Aztec (Pat. 1648). Here is a scarlet-orange flower so brilliant that it fairly sizzles! . . . deeper, richer and more scarlet than any you have ever seen! The color of Aztec is somewhat similar to Montezuma and Spartan as described elsewhere in this catalog. The vigorous well foliaged plants are more spreading than upright and should be planted toward the front of your rose bed. Height about 2 ft. \$2.75 each.

NEW!! NEW!!

BRONZE MASTERPIECE (PPR). Now you can grace your home and garden with this magnificent coppery, old gold colored rose. Exquisitely pointed buds that open slowly into lavish bronze-apricot blooms deeply veined with gold . . . huge fragrant coppery blossoms up to 6 inches across. Will not fade in the hottest sun, so that day by day they even become richer and more breathtaking. Excellent foliage on a 3 to 4 ft. plant. \$3.50 each.

CORONADO (PPRR). This will be our selection for the best rose to come on the market in 1961, and if it gets the publicity from the introducer that it deserves, it should be our largest seller. The bud is large, full and pointed. Color is red flushed copper-orange to yellow. Flower is very high centered and full. Coronado is a bi-color, outside yellow, inside rose-red to spectrum red. Strong stems on a strong bush to 5 ft. Please order early because we won't have enough to go around. \$3.50 each.

Cover Girl (PPAF). This bright flower is orange, copper and gold in color. Bud is long pointed and flower is high centered and borne singly on long straight stems. Cover Girl is somewhat similar to Mojave but we do not believe that it will ever take the place of Mojave. Height about 3 ft. \$3.50 each.

NEW!! NEW!!

 **DUET** (Pat 1903). New 1961 All-America Winner. Duet is a unique bi-color which blends two warm rich colors. The inner surface of the petal is a soft salmon pink while the reverse is a rosy crimson. Flowers are medium in size and beautifully formed and are borne on a strong stem which make them ideal for cutting and arrangements. We like the way that Duet retains its color in heat or cold, moist or dry weather. A very vigorous plant to 4 ft. and excellent foliage. \$3.50 each.

FASCINATING (PAF). Long pointed buds open to a shapely, high-centered flower that is a blend of crimson and empire yellow. The colors are more intense in the cool days of early summer and fall. Moderate fragrance and about 3 ft. tall. \$3.00 each.

 **Fred Edmunds** (Pat. 731). Still our largest selling orange colored rose. One of our favorite roses not only for its apricot orange flowers but the excellent glossy foliage. Height about 2 ft. \$2.00 each.

 **Forty-Niner** (Pat. 792). A long-standing favorite of every-one — especially the male sex. A clear vivid red with pure straw yellow on the reverse of the petals. Vigorous plants to 3 ft. \$2.50 each.

Gail Borden (Pat. 1618). A warm combination of pastel pink and light yellow. One of the really BIG roses that are so popular now. 6-inch blooms with as many as 65 petals. You can use this rose with almost any color scheme. Height to 4 ft. \$3.00 each.

 **Garden Party** (Pat. 1814). Long ivory buds, large pastel tinted blooms of apple blossom pink borne singly on a tall, vigorous, free branching plant handsomely clothed in olive green foliage. One of the outstanding new roses of the past few years. Height about 4 ft. \$3.00 each.

Hawaii (Pat. 1833). The "1960 Rose of the Year". A warm glowing Orange-Coral — a color as exotic, as sultry, as alluring as romantic Hawaii itself! Each bloom is well over 6 inches across with an amazing fragrance of crushed raspberries. Last year we had few and they were gone quickly. This year we should have plenty but we have orders for over one half of our supply already, so please order early. About 3 ft. in height, \$3.50 each.

High Time (Pat. 1809). A wonderfully fragrant hybrid tea that reminds us of the old Saturnia rose. Long urn-shaped buds and high centered blooms of flame to claret-rose with gold on the reverse of the petals are borne on a tall well proportioned plant of about 4 ft. Foliage is luxuriant and glossy. Everybody who has seen this in bloom has fallen for it. \$3.00 each.

--REMEMBER--

All roses from Stanek's are No. 1 grade and guaranteed to bloom this year. We do not handle waxed bushes.

Kordes Perfecta (Pat. 1604). It's white . . . it's pink . . . it's yellow . . . it's exciting. Basically cream-white, this magnificent new rose is lined with pink as if the edges of its petals were dipped in carmine and then slowly singed over a slow fire. We say that this rose is one of the outstanding roses listed in this catalog. Strong 3 to 4 ft. plant. \$3.50 each.

Love Song (1360). The watermelon pink of this one contrasts vividly with the bright yellow reverse side of each petal, and there are upwards of 80 of these petals. Finest exhibition rose on a strong bush of 4 ft. We have found that they are even better in the cool fall months. \$2.50 each.

 **Mojave** (Pat. 1176). Taking its name from the famous California desert, Mojave's rich coloring is typical of a desert-sunset-glowing orange shot with flame-like tones of scarlet and vermillion. Medium height of about 3 ft. bushes produce beautiful tapering buds which open to large, pleasantly fragrant, richly colored flowers. Glossy foliage. Anybody that grows roses has this one. \$2.75 each.

Mme. Henri Guillot. For simplicity we call it "Madam Henry". Blooms of watermelon to raspberry pink. Medium 2½ ft. bush. with leathery foliage. One of the finest roses listed in this catalog regardless of price. \$1.75 each.

Mrs. Sam McGredy. An exhibition rose that will be a winner in any rose show. Scarlet-orange that changes to copper as the bloom matures. Very delicately perfumed. About 2½ ft. tall. \$1.75 each.

Montezuma (Pat. 1383). Big, stately, well-formed flowers of brilliant rosy-salmon are always in bloom on this extremely vigorous plant. Orange-scarlet or perhaps cinnamon-red would be a better color description of this bloom. It is not unusual to see plants 4 ft. high and 4 ft. broad. \$2.75 each.

NEW!! NEW!!

ORCHID MASTERPIECE. Orchid Masterpiece is a brand new rose this year, joining Golden Masterpiece in size and shape but instead of yellow, is a lavender-orchid hue and is "drenched" with sweet fragrance of the lavender roses. The bud is long and slender and is a lively deep orchid. As the flower opens orchid and lavender shades predominate. Frequently when the flower first opens there is a novel variation of lavender and orchid on the outer petals which, in the full open flower change to a complete orchid shaded lavender. The vigorous plant grows to about 3 ft. and produces flowers of beautiful form of about 5 inches in diameter. \$3.50 each.

President Hoover. Another consistent show winner. Large flower of creamy yellow and red. 4 to 5 ft. in height. \$1.75 each.

Sam McGredy. Somewhat similar to the scarlet-orange Mrs. Sam McGredy, this rose is strictly for exhibition type bloom. Very much desired and wanted. \$2.00 each.

Sterling Silver (Pat. 1433). While we do not particularly care for lavender roses, it is surprising to us how we sell out every year on roses in this shade. It seems that our customers like a novelty rose in their garden. Sterling Silver is the best known and probably the best growing variety of all lavender roses. Our best description of the color is a cool feeling of rich sterling silver. About 3 ft. in height. \$3.00 each.

NEW!! NEW!!

SUSPENSE (PAF). Gorgeous, new red and yellow bicolor with magnificent blooms that are sure to be a show winner. The huge yellow bud will hold you in Suspense while it opens into a large red and yellow velvety flower. Very strong stems on a vigorous plant of about 4 ft. This rose could easily be a winner at our Spokane Rose Society show. \$3.00 each.

SIMONE (Pat. 1847). New lavender rose noted for its clear pastel lilac color and immense bloom. 50 to 65 petals form giant 6 and 7 inch blooms which are slightly fragrant and high centered. About 3 ft. high in growth, Simone is the first lavender rose which we would classify as being of exhibition quality. \$3.00 each.

Talisman. One of the best known and most widely planted of all roses. Rich scarlet and gold to deep rose and pale yellow, Talisman is no favorite of ours but we sure sell a lot of them year in and year out. About 2½ ft. in height and very fragrant. \$1.75 each.

Tanya (Pat. 1712). One of your favorite roses of last year, Tanya is a glowing deep orange of very large size. Like most of the newer roses listed in this catalog, Tanya is a seedling of Peace and has the characteristic of being high centered and excellent foliage and thrives just about anywhere you plant it. Not being too high in growing habits, we suggest that you plant it in the foreground. \$3.00 each.

CASTANET (Pat. 1840). Castanet is a coral orange floribunda rose that you have perhaps sometime or other bought as a bouquet at your favorite florist shop. Well known for its long keeping qualities, we now offer it for the first time for your outside rose garden. With a fresh tea fragrance, the gracefully double flowers appear in bouquet like clusters of 10 to 15 blooms, and also on single stems. Well clothed with dark disease resistant foliage, the plant grows about 2½-3 ft. tall. \$2.50 each.

Circus (Pat. 1382). Perfect buds of almost red that opens to very perky high centered blooms in huge clusters. Well named because the open flower combines all the crazy colors through red, orange, pink and golden yellow. We have discarded the old rose Masquerade in favor of this one. \$2.50 each.

Fashion (Pat. 789). Oriental red buds are just waiting to burst out into exquisitely formed blooms in a sparkling new coral-pink that is suffused with gold. Very fragrant and a nice growth of about 3 ft. We have a standing offer that if you plant three of Fashion this year and honestly tell us that you don't like it, we will be glad to refund your money. \$2.00 each.

Fireking (Pat. 1758). A challenging vermillion whose 3 inch double blooms are borne on lusty, upright plants in heavy clusters. Makes an excellent rose for cutting and long lasting in the house. Height to 3 ft. \$2.50 each.

Fusilier (Pat. 1709). One of the better red floribundas to come along in years. Deep dark red buds burst open into blazing, flaming, orange-scarlet flowers . . . 4 inches across with upright and full bush that grows to 3 ft. tall. Each petal has a frilled and ruffled margin. Foliage is leathery and dark green and the blooms are always produced in clusters. \$2.00 each.

Goldilocks (Pat. 672). A genuinely golden yellow that is like a mound of gold all summer. The ovoid blooms are like small hybrid teas. Compact, rather spreading plant. \$1.75 each.

Gold Cup (Pat. 1683). Lovely golden yellow that holds its color throughout the life of the flower. The pure yellow of the blossoms contrasts beautifully with the very ornamental glossy foliage. Since yellow floribundas are quite rare, this one with its lovely fragrance is extremely popular. Never over 2½ ft. in height. \$2.00 each.

Heat Wave (Pat. 1786). Heat Wave lives right up to its name with a sizzle that makes it a "hot" flower. A gay chinese red with ruby-like shadings and highlights of persimmon. This plant has plenty of "get-up-and-grow" for outstanding performance in your garden. Ask anybody who has watched this rose in the garden on Rose Hill and they will tell you it was at its best during the hottest days of summer. \$2.75 each.

Ivory Fashion (Pat. 1688). This is the Floribunda with the new look — an ivory colored rose with the charm and grace of its world-famous parent, Fashion. Long slender buds with high-centered form open gradually to striking, slightly cupped, fully open fragrant flowers. The richly decorative, long, graceful golden stamens give an air of charm to the whole ensemble. The petals are firm and heavy textured and retain their ivory color to the very last. Growing height about 3 to 4 ft. \$2.50 each.

Jiminy Cricket (Pat. 1346). A bright new color of sparkling apricot orange. The aging flowers are somewhat lighter but from the time the first bud opens until the end, it never knows a dull moment. Each of the endless processions of buds and flowers is a perfect hybrid tea in miniature. Excellent for cutting. \$2.00 each.

Lavender Princess. (PAF). If you like the new exotic color of lavender in roses, this will be your floribunda. Clusters of light orchid-colored buds which open into gracefully informal large lavender blooms. Never grows over 3 ft. \$2.50 each.

PEACH GLOW (PPRR). Another new color of exciting beauty has been added to the ever-growing family of Floribundas. Peach Glow's lovely pointed coral bud opens to an unusually clean, golden coral that is suffused with pink — you might even describe it as porcelain pink. This rose is a cross between Goldilocks and Fashion and both parents are well represented in the color and shape of the bud and flower. Spicy fragrance and low growing—not over 2 ft. \$2.50 each.

RED RUFFLES (PPRR). The flower is dark dull red with unusual form — nearly flat across the top, with deeply ruffled petals in symmetrical arrangement. Very slight fragrance. It blooms continuously and profusely in large flowers; the cut flowers last well. Sure to prove a delight to all flower arrangers. \$2.50 each.

Red Pinocchio (Pat. 812). Red version of the all-time favorite Pinocchio series. \$1.75 each.

Sarabande (Pat. 1761). As a low hedge in your house, Sarabande could be a conversation piece. The 3 inch semi-double blossoms of brilliant Oriental red open to disclose bright yellow stamens in striking contrast. The blooms are borne in profusion all over the low, spreading, vigorous plant and hold their brightness throughout their life. \$2.50 each.

Spartan (Pat. 1357). This rose is considered as one of the finest Floribundas planted at Rose Hill. Gorgeous and vibrant orange-scarlet that seems to breathe fire. The plant has vigor and stamina and grows to 3 ft. Ideal for cutting and sweetly fragrant. \$2.50 each.

Vogue (Pat. 926). The unusual cherry-coral-red color and the beautiful shape of the flower, with its carnation scent, all make you want to linger with this rose. Vogue has long been a favorite with us. The quantity of blooms may not be as great but the quality is tops. \$2.00 each.

White Bouquet (Pat. 1415). This is the leading actress in our play and because of her height, will give her best performance in the foreground. She has a gardenia-like shape with a sweet, spicy fragrance. Her costume is pure white with yellow stamens in the center as a high-light. Her accessories are a luxurious dark green. This is an excellent actress. \$2.50 each.

Climbing Roses For A Riot of Color!

listed on this page are
EVERBLOOMING!!

BLAZE. Now you can have America's favorite red climber in this ever-blooming improved strain. Why fool with inferior strains of Blaze or Paul's Scarlet, when you cannot only have bloom in June but throughout the summer as well. Our plants are good and husky and in most cases give you bloom the first year planted. \$1.75 ea.

BLOSSOMTIME. One of the finest new everblooming two-toned pink. Beautiful buds and good foliage. Like all everblooming climbers, Blossomtime does better if grown as a pillar rose. Pat. 1240. \$2.50 each.

CORAL DAWN. Similar in habit to its parent, New Dawn. Coral pink in color. Everblooming from late spring until frost. Pat. 1117. \$2.50 each.

CL. QUEEN ELIZABETH. Climbing form of the Grandiflora rose, Queen Elizabeth. \$2.75 each.

CL. TALISMAN. Same as bush rose, Red, gold and yellow. \$1.75 each.

**NOW YOU CAN
START WITH A
PROPER LANDSCAPE
PLAN OF YOUR LOT
FOR ONLY 50c.**

Read full directions below.

**(PLEASE NOTE THAT WE CANNOT GUARANTEE TO COMPLETE
ANY PLANTING PLANS DURING THE MONTHS OF APRIL AND MAY)**

For home owners who desire to create new beauty on their home grounds, and for those who enjoy the satisfaction and economy derived from "Planting It Yourself", we proudly maintain this service. The first and most important step in preparing your landscape program is to have a carefully planned Planting Plan to follow—one which is tailored to exactly fit your individual grounds, using the best choice of hardy materials suited to your area to give you permanent and gratifying beauty with modest amount spent on the planting materials.

First write for our Landscape Kit. The price of this kit is only 50c. In this kit will be found full and simple instructions for you to follow in making the preliminary drawing of the house and grounds. Please establish all dimensions as accurately as possible and answer all the questions found therein. It is very important to show the heights and locations of windows; also locations of any basement windows.

Upon receipt of this drawing and information and your remittance in the amount of \$7.50, our Landscape Expert will design you a complete plan, including a planting list of hardy ma-

terials best suited for your particular needs, as well as a surprisingly reasonable cost estimate covering the items included. Then if you purchase the planting materials from us and your first order amounts to \$50.00 or more, the \$7.50 fee you have already paid on the plan will be applied on your order as a credit, thus giving you this Landscape Service **ABSOLUTELY FREE**. Yes, this is truly an easy and economical way to start your landscape with a purpose.

This Landscape Service applies only to the average size lot and we reserve the right to reject complicated plans where we feel the customer could be best served by employing the services of an architect right on the grounds.

It will be to your advantage to get your Landscape Plan ordered **EARLY**. After April 1st we cannot guarantee to make prompt delivery of plans. Our rush season is April and May and it is impossible to promise quick service for plans that are ordered late. Because of the handling expense involved, your initial order must be \$50.00 or more to deduct the \$7.50 plan credit, however, the stock may be shipped as wanted.

LAWN GRASSES

A well kept, vigorous growing lawn not only enhances the appearance of your home but increases the value as well. Don't make a bad beginning by buying cheap seed. All of seed listed below is certified and guaranteed. Our lawn care book is included **FREE** with every grass seed order.

MERION BLUE GRASS. A new blue grass with heavy roots permitting it to stay green longer during hot weather when other varieties "burn out." Darker green color and spreads faster in new seedlings. Easy to maintain and requires less frequent cutting. Heavy cushioned turf crowds out weeds. 1 lb. sows 400 sq. ft. 1 lb., \$2.10; 5 lbs., \$9.50; 10 lbs., \$18.50. **PREPAID.**

TUFF-IT This is the mixture for either sun or shade and will take all the kids can give it. Contains Red Creeping and Chewings Fescue and Kentucky Bluegrass. 1 lb. sows 250 sq. ft. 1 lb., \$1.30; 5 lbs., \$6.00; 10 lbs., \$11.00. **PREPAID.**

"SUNNY SPOKANE" MIXTURE. This is our own famous mixture that we have used on Government work for over 40 years. Contains Bluegrass, Red Creeping Fescue and White Dutch Clover. For a fast-to-become established lawn and easy to maintain—there is no equal. 1 lb. sows 250 sq. ft. 1 lb., \$1.10; 5 lbs., \$5.00; 10 lbs., \$9.00. **PREPAID.**

Fine Flowering SHRUBS

Bloom from April to Late Fall

ALTHEA (Hibiscus or Rose of Sharon)

Upright shrub, with double flowers blooming in August and September. We have four colors — Pink, Purple, Red and White. 2-3 ft. \$2.50 each.

BARBERRY

Crimson Pygmy. Very dwarf growing, same purple or red foliage as atropurpurea. We have never seen it over 15 inches high. The plants we offer are about 8-10 inches in height. \$2.50 each.

Thunbergi. Green foliage turning to crimson in autumn. Red berries. Widely used and very attractive. 15-18 in. bushy stock. \$1.65 each.

Atropurpurea. Purple or red foliage. The most popular barberry planted. Foliage holds its color throughout the summer. 15-18 in., \$1.75 each.

BEAUTY BUSH (Kolkwitzia)

Attractive foliage with a profusion of pink flowers in May. Our favorite flowering shrub. 24-30 in., \$2.50.

FLOWERING ALMOND

Very popular as the shrub which covers every twig and branch with dainty little double pink flowers that remind one of miniature roses. 18-24 in., \$2.25.

FLOWERING QUINCE

Low growing shrub with glossy foliage. Bright red flowers in the early spring followed by decorative fruit quinces in the fall. 18-24 in., \$2.25.

DEUTZIA

Gracilis. Low growing shrub never over 3 ft. Snow white flowers cover the bush in May. Used extensively for flower arrangements. 12-15". \$2.25.

Pride of Rochester. A tall stately growing shrub up to 8 ft. Very beautiful in May when it is covered with a profusion of double white flowers tinged with pink. 2-3 ft. \$2.50.

HONEYSUCKLE

Zabeli. We believe this to be the finest of all red honeysuckles and have discarded our other varieties in favor of it. 24-30 in., \$2.25.

Clavey's Dwarf. Neat, compact growing honeysuckle not over 3 feet. An outstanding new low growing shrub for the foundation planting. Why not try some of our newer low growing shrubs in the foundation planting to get away from the monotony of straight evergreens? \$3.00 each.

Burning Bush

EUONYMUS ALATUS. One of the most beautiful and satisfactory of all shrubs. Yellow flowers in May-June followed by red berries which are very attractive in late summer and fall. Through the summer the foliage is a rich green. In the fall, it's foliage colors a brilliant coppery-crimson tinged rose—hence the name "Burning Bush." An unusual corky bark adds to the winter appearance of this marvelous shrub. We have them in the compact form which grows about 4 ft. tall and the regular form which reaches a height of 6 to 8 ft. tall. Both are the same price. 12-18 inches, \$1.25; 2 to 3 ft., \$3.95; 3 to 4 ft., \$5.00.

HYDRANGEA

Arborescens. Large, double snow white flowers in June and July. Thrives in shady places. 24-30 in., \$2.35.

Paniculata. Often called "P.G. Hydrangea." Very popular shrub with huge, conical heads of flowers that turn pink as they age. Blooms in August. Bush type. 18-24 in., \$2.50.

Blue Hydrangea. Large flower that comes in July and August. For real blue color in our area, mix a tablespoon of aluminum sulphate in the soil about the plant. We also suggest a light mulch for winter protection. \$3.00 each.

NEW!

NEW!

HYPERICUM. (Hidcote). The hardiest of all Hypericum. Very dwarf, shapely shrub which grows oval shape of 2 to 3 ft. in diameter, densely covered with glossy foliage. It bears cymes of golden flowers at the end of every new branch. This mound of gold is very free flowering. We have had it in our nursery for several years and those that have seen have bought it. We now have enough for our mail order customers. 18-24 in., \$2.50 each.

POTENTILLA

Katherine Dykes. A graceful small, 3-foot high shrub, upright in growth, yet compact. Foliage is dense and fern-like in effect. From early June till frost, the plants are studded with light chrome-yellow, chalice-like blooms. A splendid, low-growing and graceful shrub for foreground planting, fits in perfectly with perennial plants in the hardy border. Prefers a sunny location. \$3.00 each.

FORSYTHIA

-- Herald the Coming of Spring

Spring Glory. Without question the loveliest of all Golden Bells. The large pale yellow flowers completely cover each branch with a mass of bloom. There is nothing that will make you forget winter as quickly or announce spring as flamboyantly as Spring Glory. 2-3'. \$2.25.

Lynwood Gold. The finest of all deep golden yellow Forsythias. Erect branches are literally smothered under the golden flowers from top to bottom. With the bloom just as profuse as Spring Glory, why not plant them together for early spring blooming contrast? 2-3'. \$2.50.

NEW!

FORSYTHIA

BEATRIX FARRAND. Named in honor of the famous landscape architect, Beatrix Farrand was originated at the Arnold Arboretum by Dr. Karl Sax. A very extremely vigorous grower making a large symmetrical bush. The deep golden yellow flowers are over 2 inches in diameter and have striking orange markings in the throat. We think you will like our husky 2-3 ft. bushes. \$2.95 each.

WHITE FORSYTHIA

ABELIOPHYLLUM DISTICHUM. A rare new shrub and while it does not belong to the Forsythia family, the first time you see it in bloom you will exclaim to the resemblance to the Forsythia. Buds are formed in the fall and open in the early spring to transform the bush into a mass of white blossoms. The flowers are actually pale pink when they open but soon fade to white. We have seen this bush used with an underplanting of Red Emperor tulips. What a sight! Nice plants of 18-24 in. \$3.50 each.

NEW!

French Lilacs

Spokane's Adopted Flower

(Note)

The six varieties of lilacs listed here are the most popular and best for the Inland Empire area.

Adelaide Dunbar. Double, dark red.

Belle de Nancy. Double satiny rose.

Charles Joly. Double dark reddish-purple

Ludwig Spaeth. Single dark purple.

Mad. Lemoine. Double white.

Persian. Reddish purple.

Prices above lilacs, \$2.95 each.

PHILADELPHUS (Mock Orange)

Virginalis. Immerse fragrant, double white flowers in large clusters that weigh down the branches. Blooms in May and June. 2-3 ft., \$2.25.

Minnesota Snowflake at 538. Very double, new variety of mockorange. Fragrant. Blooms cover the plant from top to toe and keep coming all summer. 2-3 ft., \$2.50

NEW!!!

NEW!!!

FROSTY MORN

The new dwarf mockorange. Very fragrant and very double white, Frosty Morn blooms in June and July. Has proven to be thoroughly hardy here in the Inland Empire. It never reaches a height of over 3 ft., so it should be very adaptable for the foundation plantings of the newer type rambling home. 15-18 in., \$2.50 each.

GOLDEN MOCKORANGE

Newer variety of Mockorange. Very dwarf growing and compact with a striking yellow foliage. Ideal for the newer ranch-type home where straight evergreen plantings are a thing of the past. 15-18 in., \$2.50.

SMOKE TREE. An attractive specimen continuously from early spring until late fall; particularly fascinating in July, when it carries a great mass of filmy purplish clusters that resemble a rising cloud of smoke. Its flat leaves are stained pink, when young, and are of yellow and purple in autumn. 2-3 ft., \$3.50.

Magnificent Purple Fringe SMOKE TREE

One of the most talked about shrubs in our nursery. While we call it a tree, it is really a shrub because it does start branching near the ground and grows to a height of 8 to 10 ft. The foliage is a deep purple with a slight edge of red around the perimeter of each individual leaf. During the course of the summer, large filmy clusters of purplish-red blooms appear that look just like smoke. We have nice bushes about 3 to 4 ft. tall, only \$4.95.

NEW!!

NEW!!

CORYLUS CONTORTA

This rare and exciting new shrub will be the conversation piece of your garden all year 'round. Its curiously twisted, turned and almost corkscrew-like branches create an unusually lovely effect against the snow in winter. Often referred to as the "Harry Lauder's Walking Stick Bush" because of its striking resemblance to one of Harry's famous canes. Slow growing and easily cared for, it does well in sun or shade and does not reach a height of over 7 ft. \$8.50 each.

SPIREA

Anthony Waterer. Flat heads of rosy-pink flowers are borne all summer on these popular, compact, dwarf shrubs. Attractive foliage. 15-18 in., \$2.25.

NEW!!!

NEW!!!

Caryopteris (Blue Mist). Often called Blue Mist or Hardy Blue Spirea. Low growing shrub covered with numerous clusters of powdery blue, fringed flowers from August to frost. Very attractive silvery green foliage. Very new and dainty. We recommend this hardy shrub very highly. No. 1 bushes, \$2.00 each.

Heavenly Blue. Pat. 1091. New darker blue form than Caryopteris listed above. No. 1 plants, \$2.50 each.

Prunifolia. The true bridalwreath spirea. Produces great masses of double white flowers that are very showy and excellent for cutting. 2-3 ft., \$2.50.

Thunbergi. A fine display of white bloom in early spring prior to leaves. Foliage is soft and feathery. Rather spreading habit. 24-30 in., \$2.25.

Van Houtte. A graceful, pendulous shrub surpassing all other spireas with its superb gracefulness. The most widely planted of the spireas. 2-3 ft., \$2.25.

Trilobata, Swan Lake. A rare and lovely Spirea, most beautiful of the white spring flowering shrubs. Never growing over 3 to 4 ft. tall, it is just perfect for the new low type architecture of the modern home. White Swan is completely covered with unbelievable masses of white flower clusters that mingle with dark green leaves. \$5.00 each.

SYMPHORICARPOS (Snowberry)

Chenaulti. New improved variety. Small leaves, graceful arching branches; pink flowers followed by small red fruit in the fall. 3-4 ft. \$2.95

WEIGELA

Bristol Ruby. Our newest Weigela. Hardier and more vigorous, it makes a shapely, thrifty plant with attractive rich green foliage. Color is soft ruby red, extremely pleasing in effect and without harsh tone. The bush is perfectly formed, a well-rounded specimen requiring very little pruning because it flowers well from old wood; no die-back or uneven growth at any time. We have discontinued all other varieties in favor of this one. 24-30 in., \$2.50.

Variegated. An unusual Weigela that will add a distinction to your home landscape. Green and white variegated foliage that will add a good contrast to your other shrubs all summer. Pink bell-shaped flowers that keep coming throughout the flowering season. Nice size shrubs that will bloom the first year, \$2.95 each.

FRENCH PUSSYWILLOW. Very large catkins and tall growing. One of the best forcing varieties. Excellent green foliage during the growing season. 3-4 ft., \$2.95.

SELECT YOUR OWN EVERGREENS, TREES, SHRUBS, and ROSE BUSHES

It is impossible to list all the plants we grow. The larger trees, specimen evergreens and shrubs that require transplanting with a large ball of earth, are mainly for local sales; it is obvious why it is not practical or economical to transport them any distance by rail.

Our "Balled and Burlapped" Evergreens . . . large broadleaf Evergreen and Deciduous Shrubs . . . Rhododendrons and Azaleas . . . large Fruit Trees . . . Vines . . . Perennials . . . are usually ready for "Cash and Carry" sales at proper planting seasons. Well-informed salesmen are ready to assist you to make your garden a part of your home life. Our business is not only to produce good plants but to advise you how to use them. For the benefit of those who cannot visit us week-days, we are open Sunday 9:00 to 6:00, during the planting seasons.

VIBURNUM

Highbush Cranberry. Well known hardy shrub, single white flowers in April-May, followed by scarlet fruit that hangs on all winter. Very attractive and showy. 2-3 ft., \$2.50.

Common Snowball. A very popular shrub that blooms profusely in late spring and early summer. White snowball-type blooms. 2-3 ft., \$2.25

NEW!!

NEW!!

VIBURNUM TOMENTOSUM MARIESI

This variety is an improved form of the Tomentosum. The plants do not grow quite as tall nor quite as fast (about 6 to 7 ft. when mature), but it blooms more profusely and while still young. For those of you who like the White Dogwood, the blooms on Mariesi are similar and this shrub will give you the same effect. Cheaper than Dogwood too, and hardier. 2-3 ft. \$4.95 each.

(NOTE: FOR OTHER VIBURNUMS, SEE PAGE 18)

TREES IN SHRUB FORM

Because of the demand, we are now growing the following trees in shrub form. While they grow larger than the ordinary shrubs, they do find a use where you might want a little height and yet give you shrub effect. Use them in the background of your shrub plantings, along drives and as individual specimens.

Hopa Crab

Eleyi Crab

Bechtel's Crab

Pink Dogwood

Maple Ginalla

Cistena Plum

Prunus Triloba

Spindle Tree

All are 3-4 ft. and priced \$4.95 each

TAMARIX

Hispida. A beautiful shrub with bright pink flowers in June and July. Very hardy. For best results with this shrub, cut back to the ground every two years. As they are rather hard to start, we give them a severe pruning prior to shipment. 24-30 in., \$2.25.

Summerglow. The airy Tyrian rose spikes appear on top of the delightful foliage all summer long. Longer blooming and lighter in color than Hispida. We suggest the same type pruning as for Hispida. 2-3 ft. \$2.95.

DID YOU FIND WHAT YOU WANTED?

BARBERRY

Thunbergi. Green foliage with yellow flowers. Brilliant foliage in autumn with red berries. Hedging size, \$6.00 per dozen.
Red Leaf. Same as above except foliage is red or purple throughout summer. Hedging size, \$7.00 per dozen.

CARAGANA (Pea Shrub)

Very hardy bush with yellow flowers in May and June. If you have some spot where nothing else will grow try caragana. It needs no care! Hedging size, \$6.00 per dozen

PRIVET

English Privet. Dark green foliage that hangs on nearly all winter. 4 canes and up. \$4.00 per dozen; \$30.00 per 100.

Lodense. The finest plant for a low hedge or border. Very dwarf habit. We recommend this very highly. Can be used also as individual plants; nearly evergreen. 75c each; \$70.00 per 100.

EVERBLOOMING FENCE ROSE

This Hybrid No. 311 is not a resurrected rambler, but a new rose created specifically to fill the need for an everblooming "fence" or "hedge."

No sprawling thicket like Multiflora nor is it a leggy "spring only" bloomer like Ragged Robin. This is a true "fence" rose. The plant is bushy and upright, with an abundance of handsome glossy foliage. It grows 4 to 5 ft. in height. Almost continuously, spring until frost, it is loaded with clusters of medium-size semi-single flowers of vivid red. And the color holds bright and lively, even in the warmest weather. While Hybrid No. 311 is very hardy, we do suggest giving it some protection similar to your hybrid teas and floribundas. For a quick dense hedge, plant about 18 inches apart; use 24-inch spacing where rapid "fill-in" is not so important. Illustrated on inside back cover. Plants shipped prepaid in units of 5 only. 5 for \$3.45; 10 for \$5.95. 25 for \$12.45; 50 for \$22.45; 100 for \$39.95.

RUSSIAN OLIVE

Silver grey leaves, white berries. Very tough; nothing penetrates through this plant when used as a hedge. Hedging size, \$7.50 per dozen.

SPIREA

Van Houtte. Very popular for a graceful hedge. White flowers in spring; good foliage. Hedging size, \$6.00 per dozen.

HONEYSUCKLE

Zabeli. Good grower with red flowers. Hedging size, \$6.00 per dozen.

TREES LISTED ON THIS PAGE ARE *Styled* FOR THE MODERN RANCH TYPE HOME

The final touch needed to complete a garden scheme is the proper placing of a desirable tree. They may be used as accents; to outline paths and borders; to provide welcome shade; to furnish interesting patterns of light and shadow; to supply flowers, berries or foliage effects; or to add a feeling of quiet to the garden atmosphere.

DOGWOOD

Pink Flowering. One of the finest small growing ornamental trees; too often overlooked for use in the small yard. Pink flowers in the spring. The foliage colors very attractively in the autumn. 3-4 ft., \$9.95; 4-5 ft., \$15.00.

White Flowering. Same prices and description as above only flowers are white.

FLOWERING PEACH

Double Red. Rich ruby-red. Very large blooms.

Helen Borchert. Shell pink. Very large. Desirable for forcing indoors. Prices, 5-6 ft., \$6.00.

FLOWERING CHERRY

Kwanzan. Double deep pink flowers. Very fragrant. 5-6 ft., \$6.00.

GOLDEN CHAIN

Vossi. Beautiful small tree with bark of pea-green. Very graceful fragrant long chains of golden yellow flowers. 6-8 ft., \$8.95.

HAWTHORN

Paul's Scarlet. Wide spreading spiny branches, the head equaling the height in diameter. Bright double-red flowers in abundance during May. 4-5 ft., \$3.00; 5-6 ft., \$6.00; 7-8 ft., \$7.95

Cordata (Washington Thorn). Deep green glossy leaves with outstanding autumn coloring. White flowers with glossy red berries. 4-5 ft., \$5.95.

AUTUMN GLORY HAWTHORN

Vigorous erect growing tree with grayish bark. White flowers followed by a profusion of large glossy, brilliant red berries all along the branches. Much more outstanding than the popular Mt. Ash. Featured extensively by the Wayside Gardens. 5-6 ft. \$8.50.

MAGNOLIA

Soulangeana. One of our most talked about small trees. Bright pinkish-purple blooms in the early spring that remind most people of tulips. Excellent glossy foliage throughout the summer. 3-4 ft. bushes without buds, \$3.95; 3-4 ft. bushes, well branched, with buds, \$9.00; 4-5 ft. bushes, well branched with buds, \$12.50.

Stellata. Commonly called Star Magnolia because each individual flower develops into the shape of a star. White blooms that come on earlier than Soulangeana. 2-3 ft. bushes with buds, 7.50; 3-4 ft. bushes with buds, \$12.50.

MAPLE

Circinatum. One of the finest of the small growing trees. This tree has no equal for fall coloring. Maximum growth about 15 feet. 4-5 ft. well developed trees, \$7.50 each.

Palmatum Atropurpureum. Often called Japanese Red or Ribbon leafed maple. Magnificent purple-red foliage, gracefully lacinated. Our trees have been grafted to assure you of the best color possible. 30-36 in., \$9.00 each.

Dissectum. A very small growing tree to not over 6 ft. Very much in demand. Foliage is called "cutleaf." 2-3 ft. \$9.00 ea.

RED BUD

Very attractive, rosy pink almost red flowers in the spring. 5-6 ft. \$6.00 each.

FLOWERING PLUM

Blireiana. Early flowering, double pink. Striking red foliage. 3-4 ft., \$3.95; 5-6 ft., \$6.00.

Cistena. New flowering plum. Red foliage with white contrasting flowers. Low branching and bushy. 3-4 ft., \$3.95; 5-6 ft., \$6.00.

Newport. Hardy upright grower maintaining its reddish purple color until leaves drop. 3-4 ft., \$3.95; 5-6 ft., \$6.00.

Sapa. Green leaves throughout the summer. We like this variety as having the most fragrant blooms of any tree we know. White in color, the fragrance of the blooms almost knocks us over when we pass our block that we have in the field. 3-4 ft., \$6.00.

Thundercloud. Rich dark red foliage that really stays red until the last leaf drops. Pink bloom. One of the finest. 4-5 ft., \$4.95; 6-7 ft., \$6.95.

Triloba. The most popular of all flowering trees. Small rosettes of pink flowers that literally cover each branch in the early spring. Often called "Rose of China." 3-4 ft., \$3.95.

FLOWERING CRAB

Almey. Double red blossoms with scarlet fruit. We think this is the best in red.

Bechtel's. Large double pink and one of the most popular. The variety we now have has fragrant blooms.

Eleyi. Best of the purple-leaf crabs. Pink blooms borne in profusion. Red fruit.

NEW!!!

Ferrill's Crimson. Entirely new red leaved flowering crab that holds its color the entire season. Medium growth, large single red flower. Red fruit. A welcome addition to the finest of all flowering trees for our area.

NEW!!!

Hopa. Very upright growing. Crimson buds, rose flowers. Fruit red that hangs on until late fall.

Floribunda. Pink buds, white flowers. Yellow fruit that hangs on all winter. Very attractive at any time of the year.

Morden No. 454. Narrow pyramidal growth. Rosy-red flowers with cherry-red fruit. Purplish leaf and dark bark.

Sargenti. Rather dwarf growing, white flowers and red fruit.

Scheideckeri. Compact upright growth. Single rose blooms. Very popular, yellow fruit.

PRICE ON ALL CRABS LISTED: 4-5 ft., \$4.95; 5-6 ft., \$6.50.

SPINDLE TREE (Euonymus Atropurpureus)

We have no small growing tree in our nursery that causes so much comment in the fall than the Spindle Tree. Green foliage in the summer that turns to all shades of red. After the foliage drops, the large masses of pinkish red, 4 lobed fruit shows up to remain on the tree well after Christmas. 3-4 ft. \$6.00 each.

ASH

Green. Very good green foliage. It thrives over a wide area and is ideal for dry climates. 7-8 ft., \$6.95; 10-12 ft., \$12.50.

BIRCH (Note: See Mountain Ash listed below)

Cut-Leaf Weeping. White bark. A pyramidal type of moderately rapid growth. Branches become more pendulous as the tree grows older. Very graceful. 8-9 ft., \$7.95; 10-12 ft., \$10.95.

Clump European White. Three to five stems on each tree that has a white bark as it matures in age. This is the clump form of the European White Birch which is not weeping. Very popular and suggested by us for use with the modern ranch type home. 4-5 ft., \$4.95; 7-8 ft., \$8.95.

CATALPA

Western. A rapid growing tree with very large leaves, a nice clean bark and large white flower heads followed by long bean-shaped seed pods. 8-10 ft., \$7.95; 10-12 ft., \$12.50.

ELM

Chinese or Siberian. A very rapid growing tree with a dense head. Extremely hardy and disease resistant. 5-6 ft., \$2.35; 7-8 ft., \$3.50; 8-10 ft., \$4.50.

HORSECHESTNUT

Pink Flowering. A slow growing shade tree with pink pyramidal cone-shaped flowers. Very thick foliage. 6-8 ft., \$12.50.

White Flowering. Same as preceding, only white flowers. 5-6 ft., \$7.95; 7-8 ft., \$10.00.

LINDEN

American. Very large attractive leaves on a strong growing tree. Excellent for shade. 7-8 ft., \$7.35.

Pyramidal. A type of American Linden with a distinct pyramidal type of growth. Used extensively along the parking strips in Spokane's finer residential districts. 7-8 ft., \$8.95.

MAPLE

Crimson King. An improved form of Schwedler that holds its red color throughout the summer. An excellent new novelty. 8-9 ft. whips, \$8.95; 7-8 ft whips, \$7.95.

Norway. Large and dark green foliage, round and spreading in growth habit. For lawn specimens or shade, this tree is recommended very highly by us. 7-8 ft., \$5.95; 8-10 ft., \$6.95; 10-12 ft., \$8.95.

Schwedler. Similar to the Norway Maple, except the new foliage in the spring is bright purple. Very attractive in the fall with its bronze and orange colored foliage. 7-8 ft., \$7.95; 10-12 ft., \$12.50.

SUMMER SHADE. Pat. No. 1748. New rapid growing, self branching form of Norway Maple with large dark green leaves, especially adapted to Inland Empire conditions. 7-8 ft. whips, \$3.95; 6-8 ft. branched \$8.95.

MOUNTAIN ASH

A fast growing shade tree with orange clusters of berries from August till late winter. Everybody knows this popular tree. 7-8 ft., \$6.95.

SYCAMORE

European. A highly ornamental tree that is wide-spread in growth. Very disease free. Creamy bark. 7-8 ft., \$5.50.

WILLOW

Wisconsin. Spreading limbs and weeping branches. Very hardy. Dark green leaves. 7-8 ft., \$5.95.

Golden. Medium spreading growth. Golden yellow bark. 7-8 ft., \$5.95.

HONEYLOCUST

MORaine. Our newest shade tree — the tree you will read about in all of the garden magazines. Take a look at these features and see if it is not just the shade tree that you have been looking for:

- | | |
|-------------------|---------------|
| 1. Clean | 4. Hardy |
| 2. Vase-shaped | 5. Regal |
| 3. Filtered shade | 6. Good Roots |

What more could one ask for in a shade tree. We have a fine block at prices that are reasonable for a new tree. 5-6 ft. branched, \$6.00; 6-7 ft. branched, \$8.00; 7-8 ft. branched, \$10.00.

NEW!!!

**FOUR NEW
HONEYLOCUSTS**

NEW!!!

SHADEMASTER. The tree of today for streets, lawns and parks.

1. Straight, strong trunk. 2. Ascending branches. 3. Heavy, dark green foliage. 4. Requires no staking. 5. Rapid growth. 6. Freedom from diseases and insect pests. 7. Drought resistance. 8. Holds foliage late in the fall. 9. Deep roots. 10. Does not heave sidewalks. 11. Grass will grow right up to the trunk. 12. No leaf raking in the fall. These are 12 reasons why this is the finest tree listed on this page. Drop into the nursery and we will show you a colored photograph that we took of this tree this past summer.

7-8 ft lightly branched, \$10.00 each; 8-10 ft. branched, \$17.50.

SUNBURST HONEYLOCUST

(*Gleditsia Triacanthos Inermis Aurea*)

The first new color in a hardy, ornamental shade tree since Crimson King Maple. Bright golden foliage on 8 to 10 inches of branch tips, contrasts with the rich green of the balance of the tree; appears to be in bloom all summer.

*Broadly pyramidal head and excellent branching habit creates a beautiful symmetry unmatched by other honeylocusts.

*Producing only male flowers, Sunburst is absolutely seedless and causes no ground litter.

*Sunburst is adaptable to any location. Unusually strong, it has withstood ice and snow storms which completely ruined neighboring trees of other varieties. Plant Patent No. 1313. 6 to 7 ft. Lightly branched. \$12.50 each.

IMPERIAL. A graceful spreading variety with symmetrically arranged branches forming a regular and compact tree. Foliage is dainty and refined, and leaflets are more closely spaced than the average Honeylocust, forming a more dense cover. Brand new in 1959. 6-8 ft. \$10.00 ea.

SKYLINE. Much on the same order as the Imperial listed above only in a more pyramidal form. Brand new in 1959. 5-6 ft. Branched. \$10.00 each.

TREES**

(Page 14 and 15)

Because of the smaller size trees that are generally planted by most people starting their landscaping, we urge the planting of shade and flowering trees first. Select any three or more trees from page 14 or this page, write them on the order blank and then deduct 10% from the total price. We ship them prepaid to your door and guarantee them to grow.

OTHER TREES AVAILABLE

If you don't find the tree you want listed on page 14 or this page, please call or write us. Our collection of trees is one of the largest and finest in the Northwest. We have numerable varieties not listed in this catalog and we are sure we have a tree to suit your needs. REMEMBER—Nobody has ever been sorry that they planted a good tree in the right place. Whether you buy from us or not, we are here to make proper suggestions on where trees should be placed on your property.

THUJA-ARBOR VITAE

American. Used primarily for hedges. Rather broad growing and rapid—good growing conditions will bring a growth of 2 ft. per year. Plant 3 ft. apart for hedge purposes. Dark green in color. Just about as cheap as flowering shrubs and it stays green all winter. Nice bushy plants 2-3 ft. high, \$3.00.

Woodwardi. (Globe Cedar). Develops into a perfect globe-shaped plant, the spread equaling the height. Light green foliage. Used largely under windows in foundation plantings and in formal work where symmetry is desired. 15-18 in., \$3.50; 18-24 in., \$4.95.

Umbraculifera. A dwarf type of globe. Grows rather flat and round. Ideal for the very low picture window or planter box. 12-15 in., \$4.50; 18-24 in., \$7.50.

Golden. (Berckman's). A beautiful, dwarf, compact variety of golden color. Does best in full sun. Used for urns, small gardens, cemetery lots or brightening up foundation plantings at the base of your steps. 10-12 in., \$2.50; 12-15 in., \$3.75; 18-24 in., \$5.95.

Pyramidalis. Dark green foliage. Columnar, formal habit, dense and compact. For corners, in front of pillars, center or background of group plantings, no other evergreen is quite so popular. 18-24 in., \$2.95; 24-30 in., \$3.95; 3-4 ft., \$4.95.

AMERICAN ARBOR VITAE

- FAST GROWING
- EVERGREEN
- SHEARS WELL

Our most popular planted evergreen hedge. Very fast growing—12 to 24 in. per year. Hardy and evergreen. Looks good whether you trim it into box-shape or just let it grow. Plant from 3 to 4 ft. apart, depending on how fast you wish a good tight hedge.

Baby Size. 12-15 in., \$1.50 each; 12 for \$15.95.

King Size. 2-3 ft., \$3.00 each; 3 for \$8.25; 12 for \$30.00.

The prices of all nursery stock listed in this catalog include shipping charges direct to your door. Please note on the order blank that we do make a small 50¢ charge for handling and processing your order (this charge does not apply to Spokane or Spokane Valley orders) and, of course, the 4% Washington sales tax. No sales tax on orders from outside of Washington.

HANDY PLANTING GUIDE**

To show you how to give your nursery stock the fastest possible start and to prevent mistakes in planting which would endanger or slow the growth of your stock.

JUNIPER-JUNIPERUS

Pfitzer. One of the best types of spreading evergreens. The branches spread horizontally, with the terminals slightly drooping. It lies close to the ground, and for edging larger plantings has no superior, supplying the flowing lines needed in good landscape plantings. Foliage grey-green. 15-18 in., \$3.95; 18-24 in., \$5.95.

Golden Pfitzer. Growth and habit like the green variety, however the color has a decided golden cast, especially in the late spring when the new growth appears. 12-15 in., \$3.25.

Meyer. Foliage is a striking blend of grey and silver-blue turning to a rich violet in the late fall and winter. Irregular growth that is not stiff. Used in foundation plantings and large rock gardens. 15-18 in., \$4.75.

Hetzi. (Blue Pfitzer). Same growing habit as the green and golden Pfitzer. Color is a light cast of blue. Excellent. 15-18 in., \$3.95.

Tamariscifolia. (Tamarix Juniper). Blue-green foliage, compact, procumbent. Much lower growing than the Pfitzer types. Used extensively for rockeries, banks and as a border to your foundation planting. 15-18 in., \$3.95.

Sabina. A semi-upright spreading variety growing to a height of 3 ft. Color dark green. 18-24 in., \$4.95.

Andorra. Very low growing habit. Bluish color throughout the summer turning to purple tones with the first frost. 15-18 in., \$3.95.

White's Silver King. New patented evergreen. Very low growing, silver-blue in color turning slightly purple in the fall. Growth habit about the same as the Tamarix Juniper. 15-18 in., \$4.95.

PINE-PINUS

Dwarf Mugho. An excellent dwarf pine, globe shaped and erect branching. Especially attractive in the growing season when the new growth, which looks like miniature candles, completely covers the bush. 15-18 in., \$4.50; 18-24 in., \$7.50.

(NOTE) Plan to visit our nursery and let us show seven other varieties of pines that we are now growing.

Beautify and Improve Your Home Grounds

Most of us realize the importance of Landscape beauty in relation to our Homes, our Streets, Municipal Parks, Memorial Parks, Institutions and Industrial Sites everywhere.

It is so very important to have the right tree, the right shrub and the right plant in the right place. It takes some imagination to visualize the ultimate beauty and effect that one creates when planting suitable sizes. In all of these matters, our trained horticulturists are here to help you and to advise in detail what, when, and where to plant. We therefore invite you to come to the nursery to see the plants; most of them will be ready for you to take right along home during planting seasons.

CYPRESS-CHAMAECYPARIS

Alumi. (Blue Cypress). Upright, symmetrical growth. Foliage is very compact and rich blue-green in color. To see it is to want it. 24-30 in., \$3.45.

Filifera. A very graceful growing evergreen. Unusual foliage, drooping and graceful, resembling cords of grey-green. 18-24 in., \$7.50.

Filifera Aurea. Similar to above only dwarfed growing with drooping cords of gold. 12-15 in., \$4.50.

SPRUCE-PICEA

Colorado Blue. (Koster). Grafted plants of steel blue. We call them shiners. There are no spruce any bluer. Well-developed trees that are used primarily for specimens in the middle of the lawn or some other focal point. 2-3 ft., \$20.00; 3-4 ft., \$35.00, 5-6 ft., \$50.00.

Norway Spruce. Dark green with rather short needles. Used as specimen in the middle of lawn and makes an excellent living Christmas Tree. 3-4 ft., \$7.50.

Nest Spruce. Needles and color very similar to Norway however it grows somewhat in the shape of a bird's nest. Very slow growing and never over 2 ft. in height and width. Used considerably for small urns and outside planter boxes. 9-12 in. \$3.95.

YEW-TAXUS

The Disease Proof Evergreen

No family of evergreens has gained such popularity in recent years as the Yew. Their dark, rich color, hardness, variety of form, transplanting easiness, adaptability, freedom from disease and insects has merited this position. And what's more they do well in both sun and shade. We truly believe that this is the coming evergreen and are using it more in landscaping work.

ENGLISH YEW. Dark fine green foliage. Upright grower, rather broad. One of the fastest growing yews. 3-4 ft., \$10.00.

HICK'S. Upright grower with coarser needles than the English. Red berries in the late fall. The best of all yews. 3-4 ft., \$10.00.

SPREADING. Rather low growing and spreading in nature. Dark green foliage. Much slower growth than the spreading Junipers. 12-15 in. \$3.45; 18-24 in. \$6.00.

(Note — While we are only listing three varieties of yew, we are now growing seven. Come out and we will be glad to show you the merits of each variety and how it might fit into your landscape picture.)

BEAUTIFUL EVERGREEN SHRUBS

WILL BRIGHTEN YOUR WINTER GARDEN

Broad-leaved evergreen shrubs provide some very choice plant material with the advantage of beautiful, decorative foliage all the year round, plus colorful blooms and berries in season. By choosing varieties carefully, it is possible to have some plant at an interesting stage at all seasons.

AZALEA MOLLIS (The hardy azalea). The only azalea hardy in the Inland Empire. Very colorful, large flowers of bright orange to flame. Prefers an acid soil and some shade, however you can use them in ordinary soil and full sun with the same results. All sizes are budded and will bloom the first year. 9-12 in., \$1.50; 12-15 in., \$2.75; 18-24 in., \$6.00.

BOXWOOD

Sempervirens. Fast growing boxwood. Bright glossy leaves. Used for hedges and as individuals. 9-12 in., \$1.50;

Truedwarf. Same foliage as above. Slow growing and used primarily for dwarf hedges. 6-8 in., 95c.

BARBERRY.

Verruculosa. Hardy, low growing variety that will add interest to your plantings. Very glossy green leaf that really colors up in the fall to shades of orange and red. Very prickly foliage. Grows to a height of 3 ft. Visit our nursery and let us show you several other evergreen barberry. They are all priced at \$3.50 each.

COTONEASTER.

Horizontalis. Low, spreading evergreen. Tiny round green leaves that turn red in the fall. Red berries. 15-18 in., \$3.50.

Apiculata. (Cranberry cotoneaster). Far superior to the other low spreading growers. The berries, size of cranberries, are gorgeous, brilliant glossy red and plenty of them. Our grafted plants will produce berries the first year planted. 15-18 in., \$4.00.

Weeping. One of our finest specimen plants. Excellent green foliage with hundreds of red berries in the fall. Lends itself very well for espalier work. If you visit our nursery, ask to see the two specimens that we have on one of our building walls. Plants that are now 3 to 4 ft. tall are \$6.00 each.

DAPHNE

Cneorum (Rock Daphne). Low spreading growth with very fragrant pink flowers in spring. 4-6 in., \$1.25; 9-12 in., \$2.25; 12-15 in., \$3.00; 15-18 in., \$4.00.

Somersset. Similar to Cneorum but more erect upright growth. Bears deliciously fragrant flowers, pink opening white and becoming rose-pink before they drop. Spring blooming. 12-15 in., \$4.25.

Mezereum (Lilac Daphne). Interesting, lilac-purple flowers along the graceful, slender branches in early spring, followed by green foliage with red berries. 9-12", \$1.25; 12-15 in. bushy, \$2.50.

EUONYMUS. (Evergreen Bittersweet)

Radicans Vegetus. This is perhaps the most versatile of all the evergreen shrubs or vines. It has literally hundreds of uses. Thrives in both sun or shade, poor or rich soil. Use it as a vine, shrub or ground cover. Thick glossy leaves with bright orange red berries which remain on the plant the greater part of the winter, 9-12 in., \$1.75; 15-18 in. bushy plants, \$3.50.

Corliss Varieties. We have a good selection of the four Corliss Euonymus—Pride, Charm, Cushion and Leader. All are 15-18" size and priced at \$3.95 each.

HEATHER

Mediterranean Hybrids. Dwarf growing, very compact. We have two colors, red and pink. 6-9 in., \$1.25; 9-12 in., \$2.00.

PYRACANTHA (Firethorn). With all evergreens plantings on the newer type homes now including some broad-leaved evergreens, firethorns have become very widely used. Orange berries produced on very young plants together with the glossy green foliage, make it very interesting for winter effect. 2-3 ft., \$4.50; 3-4 ft., \$6.00.

MAHONIA. (Oregon Hollygrape). Thick glossy leaves that resemble holly, but are much larger and far more attractive. Yellow blossoms in the spring followed by blue berries. 12-15 in. bushy, \$2.50; 18-24 in. bushy, \$5.00.

RHODODENDRON. Our special collection of good, hardy varieties that will do well for you here in the Inland Empire. Colors are Red, Pink and Purple. All will bloom for you the first year planted. 15-18 in., \$4.50; 30-36 in., \$9.00.

MAGNOLIA

Soulangeana. Large, purplish-pink blooms that appear prior to foliage in the spring. Used primarily as specimen shrubs. 3-4 ft., \$9.00.

VIBURNUM

Burkwoodi. Excellent waxy green foliage. The glory of this shrub is the waxy fragrant flowers — one bloom will give fragrance to your entire home. Very choice. 18-24 in., \$4.75.

Carlesi. Somewhat similar to the above and preferred by many. Both varieties are very hardy. The leaves on Carlesi are greyer and larger but do not color up as well in the fall. 18-24 in., \$6.00.

Carlcephalum. Introduced by Wayside Gardens and they say it is the finest flowering shrub in a decade. A most profuse blooming shrub with large cymose clusters of blossoms which are often times 6 inches across. Very fragrant. A wealth of foliage that colors up brilliantly in the autumn. Why not make your foundation planting different from every other house in the block by starting with this plant. Pat. 776. 15-18 inches, \$7.00 each.

EARLY BLOOMING "MUMS"

HARVEST GIANT VARIETIES

"Harvest Giant" Mums
T.M. *
...FOOTBALL MUMS FOR YOUR GARDEN!

* Patent Pending

Grow these 5" to 6" ** beauties, the newest and most spectacular garden mums ever developed, right in your own garden . . .

EARLY FALL FLOWERING—among the earliest of all garden mums. Many begin to bloom in mid-Sept. and continue on until killing frost.

FALL COLORS—deep golden yellow, bronze, pink, red and white. Lovely as single accents, breath-takingly beautiful in masses.

STURDY HABIT—rival greenhouse types for bouquets, corsages or dazzling arrangements. Plants vary in height from 18" to 30" depending on variety and culture.

**To get the largest flowers, disbud plants as you would tea roses. If not disbudded, flowers will be more numerous but smaller.

The Time and Type of Mums We Ship

Young, healthy, growing plants in pots become established during winter and early spring for delivery in April, May and June. They grow many times their present size during the summer and are ideal for spring planting.

FULL MOON

Outstanding pure white. Incurved standard type flowers that will measure up to 6 inches in diameter.

GOLD DUST

Bright golden yellow flowers up to 5 inches in diameter. Very free flowering with a compact plant habit.

JACK-O-LANTERN

A pleasing light lemon incurved. Most flowers will measure up to 5 inches in diameter.

TOUCHDOWN

The largest of the Harvest Giants. This superb deep rose pink standard produces flowers up to 6½ inches in diameter.

SEPTEMBER SONG

Like all Harvest Giants this medium rose-pink variety flowers continuously from its first flowering date 'til hard freeze. Very compact plant habit.

PINK HAZE

A pleasing light shell pink. Flowers of this variety will measure up to 5½ inches in diameter.

INDIAN SUMMER

A striking deep bronze with a golden reverse—Flowers of this excellent variety may attain a size of 6½ inches.

PUMPKIN

A soft golden bronze incurved. Flowers up to 5 inches across are produced in abundance on very compact plants.

REDSKIN

Vivid burgundy red. Reflex type flowers that will measure up to 5 inches.

MAGIC LILY

HARDY AMARYLLIS (*Lycoris Squamigera*). This develops in a magical fashion that you will find most unusual. In the spring it has attractive green leaves which during July die down and disappear. Then four or five weeks later the flower stalks develop bringing charming clusters of large, lily-like blooms of soft lilac-pink that are long lasting and fine for cutting. It is well to mark your plants with a stake so that after the leaves are gone you will not hoe up the bulbs. Plant the bulbs about 4 inches deep and mulch in the fall.

**WILL BLOOM THIS SUMMER
EASY TO GROW IN SHADY LOCATION
REQUIRE LITTLE CARE**

Begonias thrive in cool shady location. They cannot stand full sun. Plant in window boxes or in shady nook where soil is fairly rich. If soil is poor, fertilize with fish oil. Give them an ample degree of moisture. While the blooms normally come in clusters, you can disbud the side buds to give you a large bloom to 10 inches across. Excellent for floating in shallow bowls. For early bloom, start them inside in February and March.

*Giant Flowering
Pacific Hybrid*

DELPHINIUM

Delphiniums have long been a specialty with us. The recent introduction of Pacific Hybrids has added rare new colors and variations never thought possible in Delphiniums. Stately flower stalks 3 to 5 ft. tall are profusely flower-laden—individual flowers are 2 to 3 in. across, many are double and semi-double. Plants are resistant to mildew and stems wiry and strong enough to resist high winds. Our plants will bloom twice during the season if they are cut back after the first bloom in June.

ASTOLAT. Shades of raspberry to light pink.

BLACK KNIGHT. Darkest royal violet.

BLUE JAY. Very intense blue with black bee.

BLUE BIRD. True blue.

Fragrant—Colorful HARDY LILY BULBS for garden splendor

The following list of lilies have all been hybridized and grown by Jan de Graaff who is the leading authority in this country on lilies. We have selected the best of his originations.

PINK PERFECTION. New shades of light raspberry to a fuchsia-pink. The color extends throughout the entire flower and is simply exquisite. Just as hardy and vigorous as the Olympic Hybrids. \$2.50 each.

GOLD BANDED. The variety we have is the giant of all Gold band or Auratum lilies—stalks up to 6 ft. are not uncommon. Color is a clear white with a pale yellow midrib. The spots are fewer and much lighter than in other varieties. Some older plants have produced as much as 100 flowers on one stem. \$1.25 each.

GOLDEN CLARION. Shades of yellow ranging from clear butter-yellow to a warm cream. One of our favorites. \$1.00 each.

OLYMPIC HYBRIDS. This strain is perhaps the best known and easiest to grow of all lilies. For sheer beauty and massive size these are supreme. Astounding form and variation in color is very evident. In addition to white, the color may be yellow, light to deep pink and sometime even pale green. Very popular. 75c each.

PROSPERITY. A cool lemon yellow outward-facing flower on stems 4 ft. tall, this beautiful lily is rapidly becoming a garden favorite. 75c each.

TANGELO. Luminous orange flowers that simply blaze in the garden. Probably the most brilliant of all lilies. Very early blooming on 2½ ft. stems.

RED CHAMPION. Deepest color of the pink varieties. Very vigorous and absolutely disease free. 75c each.

VALENCIA. Lovely orange yellow of clear color. The horizontal large flowers have light midribs of coppery gold and are speckled maroon. Grows about 3 ft. 75c each.

ENCHANTMENT. (Pat. 862.) Upright nasturtium red flowers in big heads atop tall strong stems. A lily of tremendous vigor, blazing color and phenomenal propensity for increase. 50c each.

FIESTA. The colors consist of amber, sable and chocolate, some of them in definitely bicolor shades of sand and sable, mahogany and teal or amber and gold-topaz. 50c each.

GOLDEN CHALICE. Soft enchanting shades of golden yellow and apricot-orange. This strain is vigorous, drouth resistant and suitable for the warm, dry spots of your garden. Among the first of all lilies to bloom. 50c each.

MID CENTURY. A delightful mixture of all hybrid lilies, all of which obviously could not be named no matter how worthwhile they might be. 3 for \$1.25; 12 for \$4.00.

BELLINGHAM HYBRIDS. The color range is wide from light clear yellow through oranges to bright red. The pyramidal flower heads may be cut as the first buds open and remain fresh until the entire spike is in bloom. Unsurpassed for cut-flower purposes. 3 for \$1.25; 12 for 4.00.

ALL OF THE ABOVE LILY BULBS ARE TOP SIZE AND WILL BLOOM THE FIRST YEAR PLANTED. TO MAKE OUR LIST COMPLETE, WE ARE OFFERING ALSO THE FOLLOWING LILIES:

- Auratum. White dotted red, very fragrant.
 Hansonii. Yellow, spotted purple, very hardy.
 Henryi. Orange-yellow, blooms profusely in late August.
 Regale. White, outside wine-red.
 Rubrum. Reddish pink with darker spots. Often called "Red Champion".
 Tigrinum. Rich salmon-red with purple spots. Often called "Tiger Lily".

Price above Lilies: 50c each; 3 for \$1.35

MISCELLANEOUS LILIES

AMARYLLIS HYBRID. Beautiful colors. 80c each.

ALLIUMS.

Giganteum. The most magnificent of all Alliums. The large compact balls of light violet flowers on 5 ft. stems stop all who see them. \$2.50 each.

Ostrowskianum. An exciting little species for the rock garden with deep, rich carmine-red heads blooming in June. 50c per dozen.

COLCHICUMS. Often called Autumn Crocus. Much larger in both leaf and flower than the spring blooming crocus. They are lovely planted among shrubs or in the rockery for fall color and increase very rapidly. They will even bloom just laying on top of the ground or pavement. 50c each, 3 for \$1.25.

LIATRIS. One of the finest perennial bulbs for planting in the garden and especially so if you have an inclination for flower arranging. Long purple spikes keep coming all summer. 75c each, 3 for \$2.00.

Hardy ENGLISH WALNUTS

NORTHERN GROWN - THIN SHELL

New, Hardy
CARPATHIAN WALNUT
The Greatest Tree Find of the Century

NOW YOU CAN GROW ENGLISH WALNUTS!!!

SPACE LIMITED? PLANT A TREE-O

(3 Trees in 1 Hole)

A Family Orchard from a 2 ft. plot

Enjoy a variety of fruits in the space required for just one tree. Plant all three trees in one hole, but space each tree approximately 18 to 24 inches apart. Each tree will grow up and produce lots of delicious, juicy, tree-ripened fruit. A wonderful way to have a complete orchard in a limited space. Can use either standard trees or Dwarf trees, and have just the varieties you want by ordering from our large selection of varieties you will find listed on pages 28 and 29.

This hardy strain comes from the Carpathian Mountains where they grow and produce nuts despite sub-zero temperatures. Our strain has withstood temperatures to 35 degrees below zero. The nutmeats are crisp and tasty, the shells thin and easy to crack. Just like English walnuts, but a little smaller. Important—plant two or more for proper pollenization.

Streamliner

Will Bear This Summer and Fall

Streamliner—Never has a new strawberry become so popular as quickly as Streamliner. The reasons are simply that it produces so heavily the big red berries of such fine flavor. PLANTED THIS SPRING IT WILL BEAR THIS SUMMER AND FALL. Then next year it will produce a tremendous crop in June and after a short time it will start in again and keep on right up to freezing. The Berries are Big, Red, Sweet and DELICIOUS. Streamliner is self-pollenizing so can be planted alone. Eat them, preserve them, freeze them. We want to repeat Streamliner has that rich, sweet real strawberry flavor.

BLACKBERRIES

NEW!!!

NEW!!!

MIDNITE. This is the new "Midnite" Blackberry that everyone is talking about. We are listing this variety because of its fine fruiting performance and its strong thrifty cane characteristics in comparison to other blackberry varieties. This is an upright type producing an abundance of fine large fruits of excellent quality. To date it is free from sterility. Large transplants. No. 1, 75c each; 3 for \$2.00.

WONDERFUL, TASTY

Rhubarb

CANADA RED. The finest darkest red rhubarb of all, the stems are dark red clear to the heart and up into the leaf. Makes very beautiful and tempting sauce. Flavor—second to none. You only buy it once in a lifetime, why fool with second rate varieties.

No. 1 divisions, \$1.00 each

You can order from this catalog with complete confidence. Our integrity and reputation for fair dealings are known throughout the Northwest.

GRAPE VINES

A Lifetime Investment

BLACK GRAPES

Concord. The most widely planted grape and "back-bone" of any vineyard. Berries large; bunches very compact.

Fredonia. Improved Concord bearing at least two weeks earlier than Concord. Very hardy and heavy producer.

Worden. Larger and blacker than Concord. Ripens very early. Good eating and jelly making.

RED GRAPES

Caco. A new red grape of good merit. Wine red, good grower and hardy. Excellent for table. Our own favorite.

Agawam. Large bunches of red, tender juicy grapes. Good table and juice quality.

WHITE GRAPES

Golden Muscat. The choicest golden amber grape for your table. Large oblong fruit in large compact bunches. The finest of all white grapes and perfectly hardy.

Portland. Sometimes called the "White Concord". Same characteristics as Concord only with white skin.

Prices on all grapes: 2 yr. No. 1, Select Plants, 85c each

Black Hawk

The Finest Black Raspberry in America
DELICIOUS FLAVOR—TREMENDOUS BEARER

Berries are Large, Sweet and Juicy

BLACKHAWK. A new Black Raspberry that has out-yielded every other variety in tests. The berries are very large, almost an inch across. The quality is simply grand—sweet, juicy, richest flavor. Eat them fresh, can them, freeze them or in pies or jam. Any way you use them, they are wonderful. Plants are strong, healthy, vigorous growers and tremendous producers. Plant them 4 ft. apart in rows, and rows 8 ft. apart. Use rich ground and plenty of water every week and you will be richly rewarded. We believe that this is the best Black Raspberry on the market. Just a few plants in your back yard will give you delicious fruits.

2 YR. TRANSPLANTS: 50c each, \$5.00 per dozen.

NEW, IMPROVED *Blueberries*

Luscious Fruit—Attractive in Flower, Fruit and Foliage

These two improved blueberries are far superior to common varieties. They have larger fruit, bear more profusely, better flavor and the bushes are so attractive you can plant them in your front yard with shrubs. The white flowers are lovely in the spring followed by the beautiful blue, luscious fruit. The waxy green foliage colors red in the fall. Wonderful for eating fresh, for pies and freezing. Blueberries prefer an acid soil. You can make your soil acid by mixing peat moss with your soil or by mixing a handful of common sulphur with soil when planting. Also they like lots of water.

We sell only these two varieties together so that they can cross pollinize. These are midseason bearing plants that start in late June and continue into August.

Our two varieties are Concord and Rancocas (not sold separately.)

OUR SPECIAL OFFER, 1 OF EACH VARIETY
3 yr. old plants, only \$4.25

Red Raspberries

**GIANT
SIZE** *September*

**THE NEW EVERBEARING
RED RASPBERRY WILL BEAR
THIS SUMMER AND FALL**

SEPTEMBER. A new red raspberry which bears the usual crop in early summer on the old canes. Then the new canes start bearing around mid-September and continue until freezing weather. The berries are huge, the largest we have ever seen—bright red color, good quality. Eat them fresh, for pies or jam. Wonderful for freezing. Our large 2 yr. old transplants will give you some berries this year so that you will have a taste preview of what you will get in future years. Nearly every home has room for some. Makes an excellent hedge between the garden and lawn. There is always a certain amount of satisfaction of picking berries fresh in your yard.
2 YR. OLD TRANSPLANTS: 3 for \$1.65; 5 for \$2.45; 10 for \$4.45.

NEW WASHINGTON. One of the leading older raspberries. Large and firm and of good yield. 2 yr. transplants, 35c each; \$3.50 per dozen.

DELICIOUS, TENDER
Asparagus

For home use plant Asparagus 18 to 24 inches apart each way, 3 to 4 inches deep, spreading the roots out flat. Lasts a lifetime. Our Jumbo plants are the finest we have ever seen and save a year's time. It is mighty nice in the spring to be able to go out in your garden and cut fresh asparagus for 6 to 8 weeks. They taste better and save you money.

PARADISE. A new variety that is superior to the Mary Washington. Widely heralded as an unusually heavy producer. Most satisfactory for the small yard.
